CAREER OBJECTIVE

Passionate Full Stack Developer and Software QA Tester with experience in modern web technologies, API integration, and software testing. Seeking a challenging role in a growth driven organization where I can contribute my technical skills, solve real world problems, and grow professionally.

EXPERIENCE

Full Stack Developer & Software QA Tester

Present | 1+ Year

GenX Thofa Technologies | Puducherry, India

Key Responsibilities & Achievements:

- Developed responsive and user-friendly web applications using HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, and Bootstrap.
- Built and integrated RESTful APIs using PHP Laravel and Node.js for seamless frontend-backend communication.
- Managed and optimized databases using MySQL and MongoDB.
- Performed Manual, Functional, Regression, API, and Ad-hoc Testing to ensure software quality.
- Created and executed test cases, identified bugs, and collaborated with developers for issue resolution.
- Conducted API testing using Postman by validating status codes, authentication, and JSON responses.
- Used Git, Chrome Developer Tools, and debugging techniques to improve application performance.
- Worked in Agile teams and participated in requirement discussions, stand-ups, and testing cycles.

Front End Developer Intern

Mar 2025 - Apr 2025

Minitzgo | Hyderabad, Telangana

Key Responsibilities & Achievements:

- Developed responsive UI components using HTML, CSS, JavaScript, and React.js.
- Collaborated with UI/UX teams to create modern and interactive user interfaces.
- Fixed bugs and optimized website performance across devices.
- Participated in code reviews and maintained project documentation.
